

## University Hospital Boosts Revenue 30% with Improved Ambulance Billing

University Hospital was stuck in the slow lane with ambulance billing. Their previous vendor caused delays, secrecy, and a lack of daily reports, hindering revenue and financial control. Partnering with Coronis Health's EMS division put them in the fast lane.

### The Problem:

- **Streamlined Claims Processing:** Real-time tracking ensured timely submissions for improved cash flow.
- **Enhanced Coding Accuracy:** Collaboration with specialists minimized claim denials and maximized revenue capture.
- **Daily Financial Insights:** Customized reports empowered informed decision-making.

### The Solution:

- **Revamped Claims Importing:** Streamlined real-time tracking and monitoring of claims ensured timely submissions and improved cash flow.
- **Coding Expertise and Education:** Coronis' specialists provided support in EMS billing regulations and documentation, improving coding accuracy and minimizing claim denials.
- **Tailored Reporting:** Daily ad hoc reports provided University Hospital with real-time financial insights for informed decision-making.

### Key Takeaways:

- Partnering with a specialized billing provider can significantly improve efficiency and revenue generation in healthcare organizations.
- Collaboration with coding experts ensures accurate claim submissions and minimizes denials.
- Real-time data and daily reporting empower healthcare providers to make informed financial decisions.
- Streamlined processes and clear communication create a foundation for long-term success.

### The Results:

- **Claim Correction Efficiency:** Slashed claim correction backlog by 50%, accelerating claim submissions and bolstering cash flow.
- **Room Utilization Recovery:** Identified and corrected room utilization reconciliation errors, leading to significant improvement in financial integrity.
- **Revenue Surge:** Monthly ambulance billing revenue grew substantially, translating to a significant annual increase.
- **Substantial Subsidy Win:** Negotiated a 30% annual subsidy boost.
